FAR EASTERN SITUATION PORTRAYED

Latest and Most Reliable Information of

AFFAIRS IN THE FAR EAST WAR

General Linevitch Reports that a Russian Detachment Has Successfully Attacked the Japanese Trenches. German Sailors Mutinied.

Tokio, May 24.—11 a. m.—Imperial army headquarters made the following announcement today:

"On the afternoon of May 21, a battalion of Russian infantry and six squadrons of cavalry attacked the northern heights at Chinyangpao, 10 miles north of Wesyuanpaomen, but were repulsed. On the morning of May 22 a battalion of Russian infantry and three troops of cavalry advanced along the Kirin Taolu roads toward Chienchentzu, and one company of infantry gained the western height near the village but were repulsed. The Russian cavalry on the right bank of the Liao river commenced a retreat on the morning of May 22 and at 5 o'clock in the afternoon the enemy had reached a point south of Talun, which lies 17 miles west of Fakumen.

"With the exception of small collisions, there is otherwise, no change in the situation."

St. Petersburg, May 25.—General Linevitch, under date of May 23, reports that a Russian detachment has successfully attacked the Japanese trenches on the heights north of the station of Changtufu.

St. Petersburg, May 25.—The authorities here have no confirmation of the report telegraphed from Tokio to the London Daily Telegraph to the effect that the Japanese have cut the railroad to Vladivostok and isolated that fortress. The director of telegraphs informed the Associated Press today that there are two lines to Vladivostok, one direct by way of Khabarovsk, Siberia, and the other via Harbin. The former is working and no interruption of the latter had been reported this morning from Harbin, whence messages are constantly arriving. Inquiries on the subject have been dispatched to Harbin. The war office has no news of the railroad being cut, and the idea that the fortress is cut off on the land side is regarded as absurd, though it is always possible that a small raiding party might reach the railroad and temporarily damage it. It is considered impossible, however, that a Japanese force of sufficient strength to hold the railroad and temporarily damage it could have passed through the Russian skirmish lines, which keep in touch for the entire distance between General Linevitch's army and the division along the Tumen river.

London, May 25.—The Great Northern Telegraph company's office in London has received no intimation tending to confirm the statement cabled by the Tokio correspondent of the London Daily Telegraph, that the railroad line to Vladivostok has been cut by the Japanese with the result that the fortress is isolated.

St. Petersburg, May 24.—Later in the day replies were received from Harbin saying that both the railroad and the telegraph lines to Vladivostok were working and the Associated Press was authorized to deny the report of the fortress' isolation.

WILL CONVENE AT ATLANTA.

State Federation of Trades Will Hold Its Annual Session June 22.

Atlanta, Ga., May 25.—The State Federation of Trades will hold its annual meeting in this city, the first session to be held on June 22. The meeting will be attended by a large number of delegates from all over the state and promises to be one of the most interesting conventions yet held by the federation of trades.

Interesting programs have been arranged, and there will be instrumental and vocal selections during the progress of the meeting.

Governor Terrell and Mayor Woodward will deliver the addresses of welcome on the part of the state and city. Mr. Sam D. Jones and Mr. O. S. Nunnally will welcome the delegates on the part of the Atlanta manufacturers, nearly all of whom employ union labor. Hon. A. S. Clay and Hon. Lon F. Livingston will also speak.

GALLANT CONFEDERATE DEAD.

Colonel John S. Reed Expires at His Home in Harrison, N. J.

New York, May 25.—John Gordan Reed, a native of New York, but served as a colonel in the confederate army, is dead at his home in Harrison, N. J. He was living in Arkansas when the was began and at once entered the southern army, while two brothers served in the opposing ranks.

Colonel Reed became a member of the staff of General Sterling E. Price, and was one of the officers in charge of building the defenses about Mobile, Ala. The southern cross of honor was given him not long ago by the United Daughters of the Confederacy.

Committee Gets Busy.

St. Petersburg, May 25.—The committee appointed under the presidency of M. Kuttler, assistant minister of the interior, to decide upon the measures to adopt in order to increase the revenues of the empire has determined to recommend increased taxation to the amount necessary to meet the additional expenses on account of the war and is now considering the question of an income tax from which the commission desires to raise $25,000,000.

Formal Measures Taken.

St. Petersburg, May 25.—The government has now taken formal measures to prevent zemstovs, dumenas and other provincial and district institutions from indulging in unrestricted debate and adopting resolutions on the subject of a change in the form of government. Interior Minister Bouligin has issued a circular declaring that such discussions do not come within the scope of the imperial ukase issued March 3, granting the people freedom to petition the emperor through the committee of ministers on all matters relating to their general welfare. The ruling in effect is that this privilege applies to the people as individuals and that organized institutions must confine themselves to questions within their competency. The duty of enforcing this inhibition is imposed on the presiding officers, who will be amenable to prosecution for permitting infractions. The circular was plainly designed to put an end to the political agitation which has been openly in progress in the zemstvo circles through the country.

Japanese Labor Strike Ends.

Honolulu, May 25.—A wireless telegram from Lahaina says that the agreement made by the striking Japanese plantation laborers to return to work today has been abrogated. The situation is described to be quiet but more serious. It is further stated that the Japanese wish to return to work, but are prevented by the others.

British Steamer Released.

Nagasaki, May 24.—11 a. m.—The British steamer Lincoln, which was seized by the Japanese south of Korea on May 15, was released by the naval prize court at Sasebo yesterday. The French steamer Quangnam, which was seized on the same date near the Pescadore islands, has arrived at Sasebo.

INDUSTRIAL WAR IN THE "WINDY CITY"

Both Mayor and Sheriff Prepared To Give the Signal

WHICH WILL JAR CHICAGO CITY

State Troops Held in Readiness to Check Any Advances Which May Be Made by the Strikers—Peace Signs Are Fading Away.

Chicago, May 25.—The industrial war, with a possibility of martial law looming up in the background and describes the situation which threatens Chicago today, as a result of the teamsters strike.

Peace prospects have faded away, the express companies having refused to retreat one inch from their previously announced position. Employers and teamsters are prepared for a fight of indefinite length.

Mayor Dunne and Sheriff Barrett are prepared to give the signal which will bring the state troops into the streets of the city at the first indication of an outbreak, and Governor Deneen is ready to respond to the call at almost a second's notice.

The lumber dealers' aggressively transformed threatened strikes into virtual lockouts. A dozen lumber companies were quickly added to those previously involved in the ramifications of the teamsters' strike. In each case orders to deliver material to the strike-bound firms brought a refusal from the drivers. Discharge of the driver followed instantly with quick retaliation ensuing in a strike of his fellow teamsters. The strikers today made idle practically all of the large yards in the district.

"Ninety-five per cent of the lumber business in the city is crippled," declared Secretary Hooper, of the Lumbermen's association. "It is only a matter of a short time when the per cent of the building operations of the city will cease. We are now calling on the employers' association for teamsters and till we get them the building business will necessarily suffer."

International President C. P. Shea of the Teamsters' union, announced his intention today of defying Federal Judge C. C. Kohlsaat and master in Chancery, Sherman, by persisting in refusing to answer questions at the resumption of the hearing of alleged violation of the strike injunctions. President Shea based his determination upon the fact that to answer might tend to incriminate him. The strike leader declared that he would suffer himself to be sent to jail for contempt rather than answer the questions. Relative to the prospect of calling out of state troops, Mr. Shea said:

"Let them call the troops. That will not alter the situation as far as the teamsters are concerned. The teamsters are not interfering with the operations of wagons on the streets and not. Neither will the strike be spread to any great extent. We are using our best effort to keep it within its present limits."

In announcing his refusal to be questioned by the master in chancery, Mr. Shea said:

"I think they intend to send me to jail. Anyhow, I am not going to answer the questions before the master. I will do my own thinking. The law gives me that right. I honestly believe the questions will tend to incriminate me. I might as well go to jail for contempt as for conspiracy. I can run the strike from the jail."

Continuing, Mr. Shea said: "The soldiers will not affect the strike breakers. It would seem to me that the business men of Chicago would not want the soldiers here. With a lot of the soldiers here. With a lot of young men unaccustomed to scenes of excitement, armed with deadly weapons, life will be in danger. At any rate, thousands of people intending to come to Chicago to buy goods will be frightened away, and the effect will be serious to many business men. But personally I have nothing to say against the soldiers coming."

BOND FOR POTTER IS FIXED.

Davisboro's Alleged Bank Embezzler Is Taken to Sandersville.

Sandersville, Ga., May 25.—Detective Hewitt has arrived here with Maro S. Potter, who is charged with embezzling the funds of the Davisboro bank, and they went immediately to the law firm of Hon. T. W. Hardwick to fix the bond.

Congressman Hardwick and a brother in law of Potter, Colonel J. R. Long, of Leesburg, Ga., represent the defense, while the prosecution is represented by Colonels Evans and Evans, of this city. The bond has been fixed by the sheriff at the advice of the solicitor general and judge of the middle circuit at $15,000, although the directors of the bank were very anxious to have the amount of the bond placed at $20,000. It is thought that Potter will have no difficulty in making the required bond.

S. J. Taylor, receiver of the Davisboro bank, and Hon. T. L. Brown, one of the largest stockholders in the bank, and other Davisboro citizens are here, all of whom are deeply interested in the outcome of the case.

TORNADO HITS GEORGIA COAST

Residences Damaged and Station Is Wrecked—No Person Injured.

Savannah, Ga., May 25.—Information relating to a tornado that struck Beaufort and Montgomery, and that section of the coast Tuesday afternoon has just reached Savannah. The wind was of short duration, but a number of suburban residences were damaged. There was no injuries to residents. At Burnside the railway station was wrecked.

In Tattnall county the tornado lasted for ten minutes. During this brief period a section between Reidsville and Collins was practically cleared of all crops, and only the strongest trees remained standing. It was the most destructive windstorm that has visited this vicinity in years.

At Collins a family of five were struck by lightning. They were only stunned. Their house was destroyed.

So heavy was the accompanying hail that the hailstones lay on the ground to a depth of 12 inches.

Will Wipe Out Orthodoxy.

St. Petersburg, May 25.—The Moscow Gazette, the leading reactionary organ in Russia, has begun a bitter war against religious toleration arguing that it will wipe out orthodoxy in the non-orthodox sections of the country. The paper declares at least 450,000 Russians in Poland will come under the influence of Roman Catholicism if the Catholics are permitted to proselyte. "The ukase has already had a deplorable effect on the Russian Mujiks," says the Gazette, "among whom stories are current that the emperor is under the influence of the pope. It is even said that the emperor will become a Catholic and that the Mujicks who do not desire to be converted to Catholicism will be transported and compelled to live in three provinces."

The paper concluded that "this is not a religious war, but a Russo-Polish national battle."

The Novoe Vremya this morning attacks what it terms the "insatiable demands of the Jews," who, the paper declares, are "exploiting Russia for the benefit of their pockets, but do not show a particle of patriotism, being the real instigators of the revolutionary movement."

Trial of Senator for Bribery.

St. Louis, Mo., May 25.—The trial of Senator Frank H. Farris on the charge of bribery, which was set for a hearing Tuesday in the criminal court, was continued until next term of court. The continuance was granted so that Farris might give testimony in the trial for former Lieutenant Governor Lee, at Jefferson City, on the charge of perjury.

May's Heart Is Sound.

Bad Nauheim, Germany, May 25.—The dilation of Secretary Hay's heart, the functional disorder for which he came here to be treated, has, according to Professor Groedl, entirely disappeared. The professor pronounces Mr. Hay a well man. The latter will return to work with interest.

PRINCE NAKACHIDAZA VICTIM OF BOMB

Killed While Occupying Seat in His Private Carriage.

ASSASSINATIONS ARE RIFE AGAIN

Seidelle's Chief of Police Is Wounded by an Unknown Man While He Was Sitting Upon Porch of Club—Three Other People Are Injured.

Baku, Caucasia, May 25.—The governor of the Province of Baku, Prince Nakachidza, was assassinated at 3 p. m. today by a bomb which was thrown at his carriage.

A lieutenant, who was accompanying the governor and a bystander were also instantly killed by the explosion, and the coachman is believed to have received terrible wounds from which he will die.

Warsaw, May 24.—The chief of police of Siedelle, capital of the government of that name, was severely injured by the explosion of a bomb at midnight.

He was sitting on the veranda of a club house when an unknown man approached and hurled a bomb at him. The missile, however, fell short, but exploded near to the chief of police, the fragments injuring him seriously.

Three other persons were also injured. The man who threw the bomb escaped.

A TERRIFIC HAIL STORM.

Cherry Creek Neighborhood Visited by Disastrous Results Ensuing.

Valdosta, Ga., May 25.—A terrific hailstorm fell in Cherry Creek neighborhood, 5 miles above here last night.

Hailstones ranging in size from a bird's to a turkey's egg are said to have fallen.

A number of negroes who were caught in the storm were badly injured.

Crops were beaten to the ground and farm animals and cattle were badly hurt in many instances.

The storm covered an area of almost a mile near the Dasher and Ashley plantations.

BUCKET SHOPS PROHIBITED.

North State Supreme Court Affirms Lower Court's Decision.

Raleigh, N. C., May 25.—The North Carolina supreme court has affirmed the decision of the lower court sustaining the act passed by the last legislature prohibiting "bucket shops" and the practice of dealing in futures.

The law now makes it a misdemeanor to open a place where quotations on futures are furnished or to buy or sell options for future delivery of the goods is not contemplated. The effect of the decision is to close up all the branches of the cotton exchange houses in this state doing a future business.

Day Current Turned On.

Conyers, Ga., May 25.—The day current from the electric plant has been turned on. Conyers has good power and light now. The day current will be used to run the machinery for the different mills and fans around town in the business houses and residences. The plant is situated 12 miles from town, and lights up Lithonia and Conyers. It will furnish power for the Carolia and Atlanta electric railway.

Treasurer Is Missing.

Chicago, May 25.—Anton Pitra, the treasurer of the American Building Loan and Homestead association, is missing, and an investigation of his books is said to have revealed a shortage of about $11,000. Pitra was a prominent Bohemian resident of Chicago.

Parkhurst Goes to Liverpool.

New York, May 25.—Rev. Dr. Chas. H. Parkhurst sailed for Liverpool today on the White Star liner Baltic. He will remain abroad until September. E. S. Willard, the actor, also sailed on the Baltic.

THE BUCKMAN BILL CHANCES ARE GOOD

Speaker Trammell Offered a Substitute Which Prevailed.

BOTH WILL COME UP TODAY

Debate on the Measure Very Animated. The Opposition Working to Block Buckman's Pet Scheme — Oratory Makes a Warm Session.

Special to The Daily Sun.

Tallahassee, May 25.—The Buckman educational bill came up on special order at 4:30 p. m., and the forces were arrayed against each other. The victory in the House had given the Buckman forces courage, although the opposition was not without hope.

The reading of the bill was the signal, and Speaker Trammell took the floor and offered a substitute, which brought out a most animated debate, but finally the substitute was ordered printed and the bill and substitute were made a special order for tomorrow afternoon.

The feeling is quite warm here, although the chances favor the passage of the original Buckman bill.

THE COMMITTEE RETURNS.

They See Little Chance of Defeat of Buckman Bill.

A majority of the committee who went to Tallahassee in the interest of securing if possible the defeat of the famous Buckman bill, returned Thursday a disappointed aggregation, since they reported to the effect that the bill would undoubtedly pass the Senate.

Among those who returned were B. F. Jordan, C. C. Pedrick, E. Baird, H. L. Phifer, W. W. Hampton, H. A. Ford and Syd L. Carter. They left in Tallahassee W. R. Thomas, Dr. J. L. Kelley and Walter G. Robinson.

STUDENTS RETURN HOME.

Touching Incidents Upon Separation of Friends of East Florida Seminary.

If our memory serves us rightly, we believe it was Shakespeare's Romeo who said to Juliet that parting was such sweet sorrow that he could say good-bye until the morrow. This remark was addressed to Romeo's sweetheart as he kissed her hand a parting farewell from a veranda, under the pale light of a silvery moon, on the eve of his starting for a long journey. It was indeed a beautiful and touching scene, a trying moment, but one which would not surpass a similar incident which transpired at the Atlantic Coast Line station Thursday as students of East Florida Seminary, young men and young women, were about to leave for their respective homes and their college mates and friends were there to bid them farewell, probably never to see many of them again, as several of the students were leaving the old school for the last time, having graduated at the term just closed.

It was a touching scene even for a hard-hearted reporter, and Ticket Agent Goodwin had to occasionally wipe away a tear with the elbow of his coat sleeve. He wouldn't admit that he was affected, however, but declared he had gotten some insect powder in his eyes.

This scene was one intermingled with pleasure and sadness—pleasure that the school had closed one of the most successful terms of its history, had turned out upon the world a number of graduates who would prove a credit to themselves and the institution, and sadness because the time had come to say good-bye. There were few dry eyes among those young people, and many handkerchiefs were moistened with tears which, for sincerity, were as pure and clear as the morning dewdrop nestling securely in the lily.

As the train pulled slowly away from the station many could not stand the situation, but turned their backs and walked away in silence.

A Busy Place.

Those who have not visited the plant of the Gainesville Bottling Works, 606 West Main street S., have no conception of the business conducted by this enterprising firm, which is now manufacturing almost everything in soft drinks imaginable. The firm is employing several men, and is enjoying a fine trade not only in Gainesville, but in the surrounding towns.

Davis & Brooks, the proprietors, are practical bottlers, which accounts in a large measure for their success. Another feature of the products of the firm is the fact that they use nothing but the purest fruit syrups, upon which they have established a reputation.

GROWING UP

There's something the matter with the child that fails to grow up. A child that grows up too much, however, without proper filling out of flesh, is almost as badly off. Nothing will help these pale, thin "weedy" children like Scott's Emulsion. It supplies the rounding out of flesh and the rich inward nourishment of blood and vital organs which insures rapid growth a healthy and uniform development.

GANEY A BAD COON.

Man Who Made His Escape From Baker's Camp Not a Trusty.

In its issue of Saturday last The Sun contained mention of the fact that Thomas Ganey, a negro convicted for murder in this county and sentenced to prison for life, had escaped from the camp of P. H. Baker, naval stores operator at Campville.

It is true that Ganey did escape, and notwithstanding the efforts of the authorities to apprehend him, the man is still at large. He was not a "trusty," however, as he had the reputation of being one of the stubbornest convicts in the camp.

Definite particulars of the escape of this prisoner have been furnished by Mr. Baker himself. Mr. Baker states that the convict, with a number of other prisoners, was working in the woods under guard. In moving across a small but thick growth Ganey made the dash for liberty. His position was such that the guard could not fire at that time, which would endanger other lives, but as soon as a position could be secured he discharged his rifle three times at the fleeing negro, without effect.

Captain of Guards Wilson was notified as soon as possible and put the dogs on the trail, but Ganey, who is fleet-footed, had gained considerable headway. The dogs tracked the man to North Gainesville, however, where they lost the trail. It was then that Captain Wilson telephoned Mr. Baker of the affair, when Mr. Baker sent Deputy Sheriff Granger, Marshal Pinkoson and others in an endeavor to find the man. A thorough search failed to reveal his place of concealment, with the result that the posse returned to the city the following morning without their game.

Mr. Baker is conducting one of the most orderly convict camps in the State, employing none but competent guards, and the information as given The Sun was erroneous.

Judge Mason's Court.

Moses George was arraigned in Judge Mason's court Thursday upon a charge of carrying concealed weapons. He was convicted and sentenced to pay a fine of $100 and costs or spend three months on the "gang."

An appeal was taken, however, and George gave the required bond and was released.

It will be remembered that Moses George is alleged to have shot his brother, Amos George, at a picnic at Haile's sink, the first of the present week. In the melee three other negroes were seriously cut.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Preparing to Move on Jap Camp.

Honolulu, May 25.—A wireless telegram to the Advertiser from La Haina says that the police and militia are preparing to move on the camp of the striking Japanese.

ORGANIZED LABOR WANTS NINE HOURS

Carpenters' and Joiners' Union Pass Significant Resolution.

ARE PAID NONE TOO WELL

While They Are Not Asking for Increase in Salary Just Now, They Will Insist on Nine-Hour Day, Effective on and After June 1.

The organized carpenters and joiners of the city, at a recent meeting of the union, came to the conclusion that they were giving "too much sugar for a dime," with the result that a resolution was passed to the effect that after June 1, nine hours, instead of ten, would constitute a day's labor.

In speaking of the matter Thursday one of the most competent carpenters in the city, and a prominent member of the union, stated that the carpenters of Gainesville not only received a miserably low compensation for their labor, but were compelled to put in a full day of ten hours. "The highest wages paid a carpenter in this city is $2.50," he said, "and he must be a first-class workman to command that salary. The average carpenter gets from $1.75 to $2 a day, and is compelled in many instances to work beside an unskilled laborer who is drawing within a few cents of the same salary that the skilled man receives. We have talked this thing over very carefully and weighed the matter with justice to all, and after June 1 if the contractor wants a carpenter he must take him at the present salary on nine-hour service."

The contractors have not yet been heard from in the matter. Whether they propose to concede to the demands of the carpenters and joiners, or whether they will oppose the reduction of working hours, is a question to be awaited. However, the latter are anticipating no trouble.

DR. STROUSE IS DOING GREAT WORK

People of Helena, Ark., Have Received Lasting Benefit

AS THE RESULT OF HIS WORK

Last Meeting of a Revival Conducted by this Eloquent and Faithful Worker Was a Touching Scene, When Resolutions Were Passed.

Dr. Clarence B. Strouse has been conducting a revival meeting in Helena, Ark., and, as in other places, has caused a great religious fervor. This eloquent young revivalist who spends half his time in Gainesville and has accomplished so much for the good of the city, religiously and otherwise, seems to be a popular favorite wherever he goes. Of his meeting in Helena, The World of that city has this to say:

"The revival services are at an end. The three weeks of herculean efforts of the churches of Helena and of the evangelist to bring about a wave of religious fervor in this city have not been without result, as was evidenced in last night's service, when there was a veritable pentecostal communion of souls. It had been announced that the meeting would be an experience meeting, and such it was. Dr. Strouse gave his testimony for the Lord first, and his talk narrowly escaped being a very impressive and beautiful sermon, though he insisted that it should not be thought of as a sermon.

"At the conclusion of Dr. Strouse's remark the choir sang, 'I Love to Tell the Story,' while the Christians testified to the goodness and mercy of God, and to the remission of their sins. One mentioned 'old time religion,' whereupon the preacher called for the song, 'The Old Time Religion,' and it was sung repeatedly, the congregation joining in the singing. It was a joyful occasion to the Christians present, and every one did indeed feel filled with love for his fellows. By far the greater part of those present spoke, some saying only a few words, such as 'I thank God for his blessings to me.'

"Among those who testified was Everett Lloyd, a young traveling man from Texas, who stated that he had dropped into the opera house Sunday night, attracted by the singing, and that while there he had been convicted of his sins and had given them up and embraced Christ.

"A description of the scene is impossible, lack of space forbidding it, as well as the inability of language to express it.

"Resolutions.

"At the farewell service last night, Dr. Henderson, in behalf of the ministers of the city, read the following resolutions:

"'Whereas, Dr. Clarence B. Strouse of Salem, Va., has been conducting union evangelistic services in the opera house in this city for the past twenty-two days, preaching twice daily to great crowds, and

"'Whereas, God has wonderfully honored his ministry in our midst, by reclaiming backsliders, saving the unconverted, quickening the spiritual life of all our churches, and stirring our entire community by his burning messages, to better living; therefore be it resolved,

"'First. That we, the pastors and Christian people of Helena, Ark., wish to express in a public way our hearty approval of the earnest, faithful and eloquent preaching of our beloved brother, and to thank God for his coming to our city and for the abundant evidences of the blessed results of the meeting seen on every hand. Resolved,

"'Second. That we cheerfully bear witness to the eminently satisfactory work of Dr. Strouse in this series of meetings and record our sanction of the apostolic note of his utterances and the prophetic tone of his warnings, and that we hereby covenant to remember our esteemed brother at the throne of grace, praying God's choicest blessings to rest upon his able and consecrated labors in the work of the Lord.

"'REV. W. E. FURR,
"'Pastor Presbyterian Church.
"'C. H. LOCKWOOD, D. D.,
"'Rector Episcopal Church.
"'REV. GEO. V. TILLEY,
"'Pastor Baptist Church.'

"'At the conclusion of the reading of the resolutions, Congressman R. B. Macon arose in the audience and moved that the resolutions be passed by a rising vote. After the motion of Mr. Macon, Dr. Henderson called on all those present who endorsed the resolutions to stand, and immediately the great crowd arose.

"'At this juncture in the meeting Mrs. Mary Wilkes arose from the chair and moved that in behalf of the ladies of Helena, Mrs. Strouse be thanked for the two helpful services she has conducted for them, and also for the benediction her lovely, Christian character had been upon their lives.

"'This motion was carried with the same hearty unanimity of the one offered in regard to Dr. Strouse's work."

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Not Guilty.

Madison, Ga., May 26.—At the committment trial trial of Lon Eason and son for being alleged accessaries to the murder of young Kelsey Bransford, both were completely exonerated, there being no evidence whatever against him. The two negroes implicated in the murder were remanded to jail.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of the Power to Inspire and Encourage —All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

THE NEWS FROM ARCHER.

Death of a Noble Lady—Presbyterians Secure Manse—Other Notes.

Archer, May 25.—Maj. S. H. DePass, who has been quite ill, is out again.

Nona Brown of Gainesville, who has been visiting friends in Archer, has returned home.

Frank Bauknight, who was laid up for two weeks with measles, is out again.

The ice cream social given at the Town Hall last Tuesday evening by the ladies of the manse committee was quite a success.

Dr. Andrews has sold his beautiful home to the church for a manse. The property is delightfully located next to the church edifice and will make a charming home for the minister, Dr. Waddell, who will move his family here soon. The reverend Doctor is now at his old home in Marietta, Ga., to attend the commencement of the school from which his daughter will graduate this week.

A very sad death occurred in Archer Saturday morning—Mrs. W. B. McLendon, who had been ill a few weeks, leaving a husband and seven children, the youngest only a few days old. The many friends of the family are in genuine sympathy with them in their loss. The burial was on the Sabbath and was largely attended. Tokens of love in form of beautiful flowers covered the casket.

Mrs. Hughes and daughter Grace attended the commencement in Gainesville this week.

Miss Leila Bauknight returned home today from Staunton, Va., where she has been attending school. Her cousin, John Chamblin, met her in Jacksonville and accompanied her home.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

No Change in Insurance Rates.

Buffalo, N. Y., May 25.—The Brotherhod of Trainmen has decided to make no changes in the insurance rates established at the Denver convention two years ago. The subject of uniform laws for the government of subordinate lodges was given considerable attention today, the task of reconciling conflicting ideas being a difficult one.

The farmers in this part of the State have some of them been threshing oats this week, and the yield is good and the quality of grain fine. Few crops are known that cannot be produced in some portion of Florida.

Miss Julia Barwick asserts she had two ribs broken at Wildwood, Sumter county, by a Seaboard Air Line train, and wants $20,000 damages through the courts. A "spare rib" or two is hardly worth that amount in this section.

It is reported that F. B. Stoneman, one of the proprietors of The Miami Evening Record, will assume editorial charge of The Jacksonville Daily Sun, and the proprietors of The Record, La-Salle & Stoneman, will become owners of that paper. Both are able newspaper men and there is a chance of The Sun shining brighter than ever.

The stench in the alley in the rear of the Porter block, and other alleys for that matter, is loud enough to be heard several blocks away, and the health committee should give it immediate attention. There is no occasion for its being there all summer, endangering the health of people, and the proper authorities should see to it that all the alleys are renovated.

The Tampa Tribune puts it thus: "Prof. Tom McBeath, who essays frequently to be the educational dictator of Florida, launched a lengthy 'argument' against State uniformity of text books at Tallahassee the other night. It's puzzling to think of what he could possibly say in favor of the present system except that it is 'pie' for the book trust—and that wouldn't be in favor of it by a great deal."

When any one says the least bit about The Ocala Banner trying to vindicate the much-abused millionaires, the editor takes up the cudgel and tries to "square" them with the people. He is so afraid something might be said to hurt their feelings. Probably he thinks that after all the people are supplied with libraries, presses will be the next in order for printing books to put in them. Nothing like looking ahead.

WANT TO LOCATE SOUTH.

There are many people in the North who are well-to-do that desire to locate at some Southern point where they will escape the rigors of the cold winters of their Northern climate. These people in many instances are retired farmers who have by hard labor accumulated a sufficient amount of this world's goods to take life easy the remaining years of their lives, and having been active throughout their years, do not care to settle down in absolute idleness. They desire a place for a winter home, where they can have a small tract of land to cultivate to occupy their time.

A few days ago Mr. Ashley of The Daily Sun staff received a letter of inquiry from a gentleman in Michigan, in which the writer states that "several of our pickle men and others are planning the organization of a kind of colonization company, with the intention of locating somewhere in the South. Our purpose is to provide for ourselves homes in which to spend the winter. We thought of purchasing a large tract of land in a body and dividing it up between us."

The letter states further that they would prefer to purchase land on some railroad, a distance from any town, so that they could start a town of their own. Most of the gentlemen in the party were inclined toward other States, and the writer continues: "As you seem to be interested in Florida, I venture to write you, thinking that you might give us some pointers, or that you might know of some opening in your State that would impress us favorably."

Such people as are into this project are the kind of settlers we want. The Sun will do all it can to get them to come here. There is no doubt of the fact that Alachua county will furnish as good an outlook as any in the State. The variable soil is adapted to the growing of fruits and vegetables, and as regards healthfulness, there is no county in the State more favored.

MONEY LENDING BUSINESS.

The money lending bill of Mr. Avery of Escambia, introduced in the House of Representatives, was taken up Tuesday. The bill is to regulate the business of money lending on household or kitchen furniture or household goods, sewing machines, tools of trade, musical instruments, typewriters, wearing apparel or like articles of personal property and the sale of or pledging of wages or salaries; to fix the fees and charges which may be made on such transactions, to prescribe requirements and conditions under which such business shall be conducted, to prescribe collections under which criminal warrants shall be upon affidavits of money lenders under the act, their agents or employes against borrowers or vendees, to fix a penalty for exceeding certain rates of interest and to provide penalties for violation of this act.

There were several satisfactory amendments made to the bill, and after some discussion it was ordered engrossed for the third reading.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

It has been erroneously stated that the Rocky Ford cantaloupes that are grown in Colorado surpass those of Florida. A few days ago The Sun was informed by Robert M. Morgan, representative of the Armour Refrigerator Car Lines, that he has shipped from Florida on several occasions cantaloupes that for fine flavor equaled any he ever saw in the country. The idea that the Colorado cantaloupe surpasses all others is erroneous. The season has much to do with the fruit, and that of Florida stands as high in the market as any grown. The present season will see much of the Florida product on the market, and the prices and yield will be the means of netting growers a handsome profit, if the crop is put on the market in good shape.

Democratic Committeeman Shot.

McArthur, O., May 25.—J. N. Specht, a prominent farmer and miller, and a member of the Democratic executive committee of Vinton county, was shot early today by Mrs. Emma Flynn, formerly of Columbus. Mrs. Flynn was arrested today charged with the murder. She claims that about 11 o'clock last night she noticed what she supposed to be a tramp looking into her window, and that securing a revolver, she fired through the glass and barricaded herself in the house. Mr. Specht's body was found by his family at 1 o'clock this morning on the lawn in front of the Flynn home with a bullet hole through his head over the left eye. Mrs. Specht and Mrs. Flynn are cousins and the families have been on the best of terms.

Dynamite Is Found in Woman's Shoe.

Connellsville, Pa., May 25.—In the office of District Attorney Thomas H. Hudson, is a woman's shoe, the hollowed heel of which, it is said, contains enough dynamite and nitro-grycerine to kill a number of persons. Last night Mrs. Engle, of Uniontown, Pa., found a pair of ladies' shoes in her back yard. While examining them she found that the heel of one had been hollowed out, four exploding caps placed on four iron pegs set in and the hole filled with waste, soaked with nitro-glycerine. The shoes were turned over to the authorities, who are now making a rigid investigation.

The McCreary and Crane Uniform Text Book Bills.

THE FORMER BILL POSTPONED

Florida Coast Line Canal Bill Extended. Jamestown Exposition Bill Passes Senate—Railroad Commission Limited to $15,000 by the House.

Tallahassee, May 25.—The Senate convened at 10 a. m. yesterday. The following important measures were disposed of:

Senate Bill No. 17, entitled an act to extend the time for completing the canal of the Florida Coast Line Canal and Transportation Company, and to preserve and continue the grant of land to aid in its construction. Bill was read the third time and passed, 26 to 1. On motion of Senator Zim the action of the Senate was ordered immediately certified to the House.

Under waiver of the rules House Bill No. 168, being "an act entitled an act to provide for the working of public roads of the State, and the working of convicts thereon," was read the second and third times and passed.

Senate Bill No. 257, by Mr. Canova, a bill to be entitled an act to require the return of the pro rata portion of license tax paid by any dealer in spirituous, vinous or malt liquors in any county or election district where an election is held under the provisions of Article IX of the Constitution of the State of Florida, and the sale of such spirituous, vinous or malt liquors is prohibited, after the issue of such license, was read the second time and amended to include towns and ordered engrossed.

The committee substitute for House Bill No. 455, providing for the participation of the State of Florida in the Jamestown Exposition, was, on motion of Senator Harris, read the second and third times, under waiver of rules, and then passed, 22 to 2. The bill is identical with that introduced by Mr. Harris in the Senate yesterday.

The bill of Senator Carter, providing for assistance to voters in primary elections, was amended and passed by a vote of 25 to 3.

The consideration of the uniform school book bills came up. Both were reported by the committee without recommendation. Senate Bill No. 5, by Senator McCreary, was entitled an act to create a State school book commission and a county school book commission, and to procure for use in the public schools of the State of Florida a uniform series of text-books, and to define the duties and powers of said commission, to make preparations for carrying this act into effect and providing penalties for violation of same; and Senate Bill No. 112, by Mr. Crane, a bill to be entitled an act to create a State school book commission, and to procure for use in the public schools of the State of Florida a uniform series of text-books, and to define the duties and powers of said commission, to make preparations for carrying this act into effect and providing penalties for violation of same. After considerable discussion the McCreary bill was indefinitely postponed.

On motion of Senator West the rules were waived and House Bill No. 344, a bill to provide for the appointment of an assistant State auditor and defining his duties, was passed.

The bill requiring the fencing of tracks by railways was passed, the law to exempt the yards of railroads at stations.

Senate Bill No. 341, by Mr. Canova to provide for the payment of damages for any and all personal property destroyed under the direction of the State Board of Health, was read second time, amended and ordered engrossed.

House Bill No. 174, by Mr. Tillman, regulating the abolition, extension or contraction of the limits of special tax school districts, was under waiver of rules read second and third time and passed.

An effort to hold night sessions was of no avail.

Senate Bill No. 237, an act to amend the Revised Statutes of Florida relating to the practice of pharmacy in cities and towns of more than 200 inhabitants, and the sale of poison, and to provide penalties for the violation thereof, was read the second time, amended regarding physicians putting up prescriptions and registering as pharmacists, and ordered engrossed.

The Senate went into executive session to appoint Hon. Fracis B. Carter to be judge of the First Judicial Circuit, after which it adjourned.

In the House.

Tallahassee, May 25.—At the opening of the House yesterday, Mr. Wells offered a resolution providing that all bills in the hands of committees shall be reported Monday morning. Adopted.

A bill was offered by Mr. Smith safeguarding persons from injury during automobile races. Bill read in full.

The committee appointed to confer with the Railroad Commission and attorney-general in regard to forbidding the employment of special counsel, was opposed to the bill forbidding aid in litigation when needed.

Mr. Persons' bill to provide for and require the payment of taxes on franchises, and to prescribe the method for the return and payment of said taxes, brought on an animated discussion, and was defeated.

House Bill No. 317, by Mr. Wilson of Jackson, a bill to be entitled an act to empower the State to engage in the life insurance business, to prescribe the powers and duties of the board of commissioners of State institutions in connection therewith, to provide for suits against the State upon insurance policies and to provide for the payment thereof, was passed to its third reading.

The Senate joint resolution No 285, to change the Constitution relative to drainage, reclamation of swamp and overflowed lands, etc., was passed to its third reading.

The Everglades drainage bill passed the House by a vote of 43 to 3.

Mr. Carter introduced an act providing that any common carrier transporting freights shall pay claims for a loss or damage to any shipment received by said common carrier within a certain time from the filing by the shipper of said claims with the common carrier, and when under certain conditions they fail so to pay said claims, the said carrier shall pay interest on the said claim at the rate of twenty-five per cent per annum, and under certain conditions shall be allowed judgment for the said interest in addition to said claim, and the bill was ordered engrossed.

A bill by Mr. Canova, to define a school year and provide for its opening and closing, was passed to its third reading.

Mr. Johnston's cigarette bill was passed to its third reading.

After several minor bills were read the House adjourned.

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise. R. S. Andrews, editor and manager Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by W. M. Johnson.

Trusted a Friend and Lost.

San Francisco, May 25.—Mrs. Marie DeWolf, for 50 years a prominent worker in charitable organizations of this city, is about to enter the home of the San Francisco Ladies' Relief and Protection society, which she founded in 1868. At one time Mrs. DeWolf was worth $1,000,000, and one-half of this sum she spent in doing good. The other half was stolen from her by a man whom she trusted as a son.

The Valedictory—Mary Thigpin.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. ASK PRESIDENT TO VISIT MACON

Committee Will See Roosevelt Concerning the Proposed Trip.

Macon, Ga., May 25.—It is announced from the Macon chamber of commerce that a committee of citizens will leave Friday for Washington for the purpose of inviting President Roosevelt to visit the city of Macon on the proposed trip early in October. This action has been taken since it was anounced at Washington that a southern trip had been contemplated.

The committee is composed of five members of the chamber of commerce, with C. M. Adams as chairman. This body of citizens will extend a warm invitation.

Postmaster Edwards has stood in close touch with the executive head of the nation since he entered upon the present administration, and his personal influence will be brought to bear upon the situation.

A Canine Homicide.

It is with regret that the canine friends of "Lou," the fine rat terrier belonging to Hon. H. H. McCreary, will learn of the animal's sudden death, which was caused by coming into contact with a 32-calibre pistol ball Wednesday evening in the hands of Officer Chas. Warren, who was commissioned by Geo. S. Merchant as executioner. "Lou" has been quite a popular dog in his day, but age was beginning to tell upon him, and of recent months he has developed into a professional tramp, with a temper becoming a twentieth century pessimist. With all this, however, he had many friends among his fellow-canines—possibly because the majority of them trembled with fear at his approach.

But "Lou's" a goner now, for he showed signs of madness Wednesday evening, and fearing that he might do serious damage, Mr. Merchant requested the animal shot.
